

Plainfield Wis
1879-18.

Tota, Bear:

at home again and
didn't have any more
lip. over & in getting here,
but several times. I thought
I was going over. After
I got to Mungy's corner
there was any tracks
through ~~and~~, believe me
there's of the way. I
couldn't tell whether
I was in the road or
in someone's field. This
you had been along

with me. Some loneliness
ride without you, dear. Didnt
get the least bit cold though. I
guess it was because I was
re thinking of you so much I
forgot to think that it was
cold. I have been wondering
considerably about what you
said to me Sunday night.

I suppose you have forgotten but
I have not. I hope later, dear, you
won't think that I don't love you
as much as always as you supposed
I might not. I am sure my love
is all yours, always was and
always will be. I am trying to
prove to you that I am not jealous
or going on kindly, as it were, but
on the contrary, I am trying to
arrange things, to the best of my ability,
for you dear. Perhaps you think that
I am trying to put our union off, but
believe me dear, I am always
working to the contrary. As I said
before it seems as if everything is
working again for us. Oh dear, I
guess I will simply let everything
move along as it will. I keep
thinking, arguing and then
wondering when it is all going

to send. Oh! I need letters
say everything, helping
for the best of here in
hoping.

→ I think before you get
the letter I will see you

or at least shortly afterwards
I have a lot of time to spare

to inquire to get some
from ground. Last day
though. Will just drop
in for a few moments
and say these and then

good bye. I will see you always
I am.
